AB1101 In-Person Town Hall Meeting - Cancelled

As a cost saving measure and to better reach the Community, the in-person AB1101 Town Hall Meeting scheduled for the first week in March, has been cancelled.

CA Assembly Bill AB1101 was approved by the Governor in September 2021 and went into effect January 1, 2022. This bill prohibits Associations from investing funds in stocks or any other investment options considered high-risk. Funds must only be deposited into an account in a bank, savings association, or credit union in this state that is insured by the Federal Deposit Insurance Corporation, National Credit Union Administration Insurance Fund, or a guaranty corporation.

A full text version of AB1101 can be found at the California Legislative website: https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=202120220A_B1101 ■

Virtual Town Hall Meeting - RockRidge (Unit's 39 & 44)

Residents of our two RockRidge communities, Unit's 39 & 44, are invited to join us via Zoom on **Wednesday, March 9th, 6:00 pm** for a discussion of the Maintenance Matrix and the 2022 Budgets for those communities. Fliers have also been distributed.

The Association's legal counsel will be present to answer questions. Please visit the Associations website for additional details and log-in information: <https://whitneyoaks.org/calendar-of-events>. ■

Regular Board Meetings - Venue Change

Beginning in April, Regular Board meetings will be held via Zoom with an in-person meeting occurring once every quarter. Due to the overwhelming feedback that we received with last month's survey, Zoom meetings will better accommodate a majority of homeowners. Thank you for your participation. ■

Parking in a Red Zone/ Fire Hydrant

Parking in a red zone or within 15 feet of a fire hydrant will result in immediate towing of the vehicle.

Red Zone Parking: Vehicle Code 21458 prohibits vehicles parking in a red zone. A red curb shall indicate no stopping, standing or parking whether the vehicle is attended or unattended.

Fire Hydrant Parking: Vehicle Code 22514 prohibits stopping, parking, or leave standing any vehicle within 15 feet of a fire hydrant. ■

Painting Project

The next phase of the gate painting project will begin the second half of March and will take approximately two weeks to complete. This phase will include painting the name signs of each community, trim, top caps, and any monument signs at all gates, entrances and throughout WOCA.

Trail Etiquette

As the weather warms and we take to walking our nine (9) beautiful Whitney Oaks Trails, please remember:

- Per CC&R's, motorized bicycles (electric or gas) are not permitted on trails (2.9.4)
- Always keep pets on a leash, under your control, and clean up after them
- Bicyclists should make their presence known when approaching walkers from behind

Whitney Oaks Golf Club Vandalism

Over the past few months there have been several incidents of late-night vandalism due to trespassing on the Whitney Oaks Golf Club. Privately-owned golf carts have been used to damage several greens, bunkers, and maintenance equipment.

Though the Golf Club is separately owned by UAIC (United Auburn Indian Council) it's an enhancement to our community and is our neighbor – *if you hear or see something, please call the Rocklin Police Department.* ■

Volunteers Needed

We currently have an open position on the Whitney Oaks Community Association Board of Directors and open positions on the following Committees: Landscape and Social. If you are interested in applying for the Board or one of the Committees, please contact our Association Manager, Jasmine Brinson for more information.

WHITNEY OAKS WILDLIFE NOTES

By - Ed Price

The **Western Scrub Jay** is one of the most commonly seen birds in Whitney Oaks, partly because of its relatively large size (i.e., somewhat bigger than a robin) and beautiful blue feathers. It is not to be confused with the Blue Jay found east of the Rockies or Steller's Jay found in the higher elevations of the Sierra. Scrub jays are blue on their head, back, wings and long tail feathers. Their underside is light gray, and their throat is white with faint blue stripes (see photos). A pair nested in our backyard a few years ago and produced three young.

Scrub jays are known for their aggressive and bullying behavior. For example, we used to provide nectar to attract the beautiful orange and black Bullock's orioles to our yard in the late spring but had to give it up as the jays would chase them away whenever the orioles appeared. Then one day I inadvertently walked by a robin's nest in a bush in our backyard which resulted in the incubating female flying off. I peered in the nest and saw four eggs. A nearby scrub jay apparently saw what I was doing because very soon after I left, I saw the jay fly into the bush. By the time I returned the jay had broken all but one egg and presumably devoured some of the contents. That was bad enough but what really got to me was when I saw a jay killing and eating baby robins in a nest in a tree beyond our backyard fence. UGH!! I since learned that scrub jays often prey on baby birds. I'm sorry but I don't think they're so beautiful anymore.
